

Dear Student,

In seventh grade, we study United States History beginning with the study of culture to the presidency of Andrew Jackson. Our first unit is on how culture impacts the environment, the economy, government structures, religion, and migration.

Task:

Students will highlight and annotate three primary source documents on the Early Americans. The primary sources are on the Aztec civilization, the Iroquois Confederacy, and the Inca civilization.

Use the sentence frames and my modeled example to help you analyze the primary sources.

This assignment is due on the **first day of school, August 26th, 2020.** Assignments will not be accepted after Friday, August 30th, and will result in a zero. This will count as *the first quiz grade worth 24 points* for the first quarter. If you have any questions, please email me vkraus@stteresapawtucket.org Monday-Friday.
